Dear [REDACTED]

We are presently engaged in formulating plans for field and departmental [REDACTED] assignments up to August 1951. In such a plan many factors had to be considered including individual preferences, dependents, available housing, [REDACTED] requirements of the various field stations and departmental headquarters, and the obvious desirability of permitting as many [REDACTED] as possible to serve at more than one field station while on an overseas tour.

As part of the above plan it is my intent to transfer you to [REDACTED] about June 1951 upon completion of your two year overseas assignment.

I am sending a copy of this letter to [REDACTED]. You may convey to him your reaction to the above which he will transmit to me by wire. Inasmuch as all phases of the plan must dove-tail to make it work at all I earnestly desire your fullest cooperation.

Sincerely,
